

Annex IV: Online Training Pre-Requisites Checklist

Theater Specific Individual Readiness Training (TSIRT)

All personnel are required to complete the Theater Specific Individual Training Readiness Training (TSIRT) before coming to IRDO. Copies of all certificates must be printed and placed in a separate folder and brought to IRDO as part of their deployment packet. To access this training go to:

AKO Accessible Training Website:

[IRDO Course Pre-Requisites: TSIRTs](#)

Non-AKO Training Website:

[Theater-Specific Individual Readiness Training Course](#)

(This site is for sister service members and civilians without an AKO account. Not all pre-certification is available at this unsecured site. Remaining tasks are completed at IRDO.)

- These lessons are designed as self-paced instruction and should all be completed before you arrive at IRDO. Some are packaged instruction and some are PowerPoint slide presentations. The slide presentations have the instructor notes imbedded with the slides. You must save the briefings to another drive or storage device to access the note material, as they will not appear when viewed within a browser. Open the saved briefing file in PowerPoint and on the Menu Bar select View and then Note Pages to see the notes for each slide.
- When you finish each module, you will get access to a certificate of completion. Some of the certificates are generated by that course while others are linked from the end of the course. You must print out the certificate associated with each course to receive credit, as it is confirmation that you had taken that module. Sign and keep all of the certificates and present them once you arrive at IRDO. If you cannot get certificates to print utilize the "Print Screen" button or "Alt+Print Screen" and paste into PowerPoint to print.
- You should begin by reviewing the system requirements lesson below. Ensure that you have all the required programs loaded and active on your computer before you begin. You must allow blocked content (i.e., turn off Pop-Up Blockers within your browser) on your computer to take these lessons. [Click Here for System Requirements](#)
